RS PRO Black Digital Pocket Stopwatch

RS Stock No.: 891-9889

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the LCD 5101 pocket stopwatch from our trusted and reliable own brand RS PRO, a compact 1/100 second LCD digital stopwatch ideal for measuring time elapsed in a range of applications. This versatile timer offers a clear and precise LCD screen with back light feature, ensuring results can always be accurately measured in a range of environments. This durable stopwatch is operated via easy to access buttons across the top of the device, including start, stop, mode, recall, split and reset. The 5101 includes normal time with an alarm and calendar, as well as the ability to count down from up to 10 hours, providing a versatile timer suitable for a variety of tasks. This durable stopwatch is enclosed with a water resistant black case with a cord lanyard, allowing you to use it in a variety of locations.
