RS Stock No.:392-633

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

We are proudly introducing our own branded RS PRO 3.5 mm Mono Jack Plug made of nickel and brass and characterising of straight body orientation fitted with a moulded strain relief. We are proudly introducing our own branded RS PRO 3.5 mm Mono Jack Plug made of nickel and brass and characterising of straight body orientation fitted with a moulded strain relief. The construction of the Mono Jack Plug is simple and consists of 2 main parts, which is a tip and a sleeve. Monotype sends one signal to both right and left channels and will produce the same movement, regardless of the number of speakers.

If you are looking for insulated Jack Plug, you might get inspired by checking RS PRO [106-868](#).
