

## FEATURES

- 100% moulded polyurethane
- Black foot colour
- Easy "peel off" application
- Shock dampening
- Superior abrasion resistance

# RS PRO Square Anti-Vibration Mount 0 Compression Load 20.6mm dia. PUR

RS Stock No.: 173-5948

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO square anti-vibration mount has a diameter of 20.6mm and is made from PUR material. It has square, flat-topped bumper pads with a tapered profile that provides the largest surface contact area in the range. It has an adhesive backing with a quick peel lining. Rubber anti vibration mount is a crucial component in most of the heavy machinery and equipment that help dampen noise levels and vibration frequency while safeguarding fragile components from external vibrations.

## General Specifications

<b>Material</b>	PUR
<b>Shore Hardness</b>	60 — 70
<b>Foot Colour</b>	Black
<b>Pieces per sheet/Layout</b>	49
<b>Elongation, %</b>	192
<b>Applications</b>	Cabinet doors, Cupboard, Drawers, Small electronics devices

## Mechanical Specifications

<b>Diameter</b>	20.6mm
<b>Overall Height</b>	7.6mm
<b>Tensile Strength</b>	4MPa

## Operation Environment Specifications

<b>Maximum Operating Temperature</b>	+65.6°C
<b>Minimum Operating Temperature</b>	-40°C
