Antistatic Pink Polyethylene High-Density Foam

RS-798-9326

Antistatic pink polyethylene high-density (HD) foam is a closed cell, hard and shock-absorbent foam. It is suitable for use in an EPA and for containing ESDS as protection or packaging.

3 Year Warranty

Technical Specifications:

Quality	A 110/35
Definition of electric property (EN 100015)	foam as pink
Resistance (EN 10015)	10 ⁷ to 10 ¹¹ ohms
Use	Packaging
Gross density (DIN 845)	21kg/m ³
Load Deflection	+/- 15%
40% DIN EN ISO 3386 kpa	4
Colour	Pink
Basic Material	Polyether
Shelf Life	6 months
Thickness	6mm

Item	Size
798-9317	300mm x 300mm x 6mm
798-9326	1000mm x 800mm x 6mm

Unless otherwise noted, tolerance $\pm 10\%$
