

## FEATURES

- Sheet filter
- Polyester media
- Hollow spiral-crimped PET media
- Initial pressure drop of 69 Pa
- Final pressure drop of 250 Pa
- Filter grade of G4
- Nominal height of 98in
- Nominal width of 79in
- Nominal depth of 2in
- Actual height of 2500mm
- Actual width of 2000mm
- Actual depth of 50mm

## RS PRO Sheet Filter, PET Media, G4 Grade, 2500 x 2000 x 50mm

RS Stock No.: 730-2915

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This hollow spiral-crimped sheet filter is a durable solution for your heating, ventilation and air conditioning (HVAC) systems. As part of the RS PRO range, this HVAC air filter has been rigorously tested. Its wadding is made from polyester filters that are thermally bonded to create a long-lasting material while also enabling the filter to hold large amounts of air and remain lightweight.

Measuring 2500 mm x 2000 mm x 50 mm, this sheet filter is suitable for use in large-scale HVAC systems and can be safely and easily cut to size as required. As a G4-grade filter, this product will stop particles that are visible with the naked eye and is used to remove dust and debris from the air.

## General Specifications

<b>Filter Type</b>	Sheet
<b>Filter Grade</b>	G4
<b>Media Material</b>	PET
<b>Colour</b>	White
<b>Applications</b>	General prefilter for HVAC and kitchen hoods

## Mechanical Specifications

<b>Nominal Dimensions</b>	98in x 79in (Height x Width)
<b>Nominal Height</b>	98in
<b>Nominal Width</b>	79in
<b>Nominal Depth</b>	2in
<b>Initial Pressure Drop</b>	69Pa
<b>Final Pressure Drop</b>	250Pa

Actual Dimensions	
<b>Dimensions</b>	2500mm x 2000mm x 50mm
<b>Actual Height</b>	2500mm
<b>Actual Width</b>	2000mm
<b>Actual Depth</b>	50mm
