

## FEATURES

- 3/2 Direct acting, sensitive action
- Zero pressure starting, suitable for vacuum applications
- Coaxial shut-off design, balanced spool without back pressure, no influence from working medium pressure and excellent sealing

## RS PRO Solenoid Valve

RS Stock No.: 2351140

3/2 Direct Acting

### Product Description

Part No.	Thread	Voltage
2351140	1/8" BSPP	24 V DC

## Features

- 3/2 Direct acting, sensitive action
- Zero pressure starting, suitable for vacuum applications
- Coaxial shut-off design, balanced spool without back pressure, no influence from working medium pressure and excellent sealing

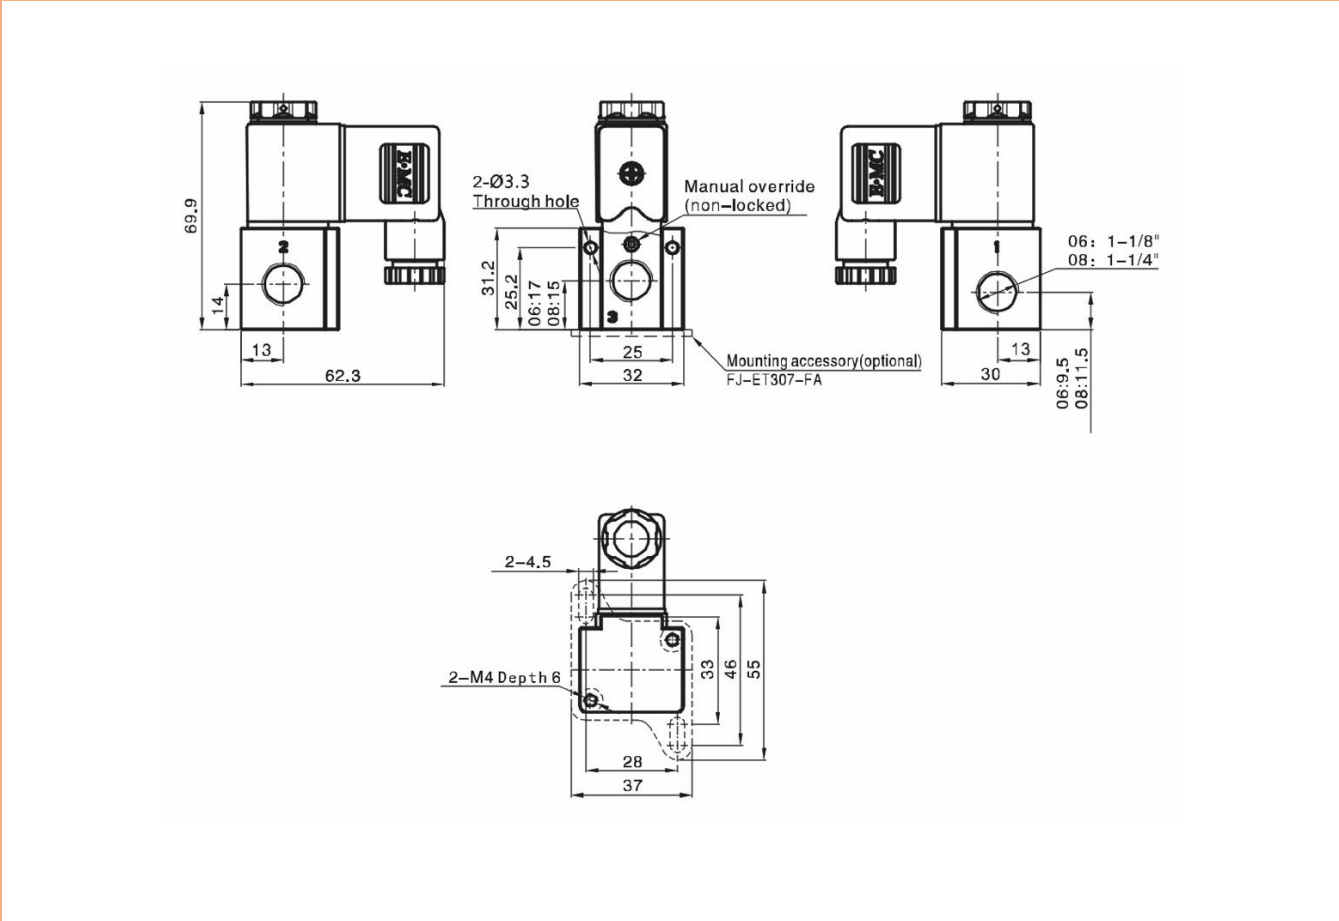

## General Specifications

<b>Working pressure</b>	0-1 to 0.7 MPa
<b>Temperature</b>	-20°C to +70°C

## Materials

<b>Body</b>	Aluminium alloy, hard oxidized surface treatment
<b>Seals</b>	NBR
