RS PRO Plier Crimping Tool for Bootlace Ferrule

RS Stock No.: 464-482

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS Pro Plier Crimping Tool has been designed for the precise indent crimping of bootlace wire-end ferrules without plastic collars in the cross-section range of 0.5 to 16 mm². This RS Pro crimp tool has been designed for professional use with the highest attention to details. Wire end ferrules can be inserted easily from the side. Ergonomically designed handles guarantee safe, anti-slip and easy operation.
