

Datasheet

Girder Cable Clip 2 → 4 mm

RS Stock number [277014](#)

Description

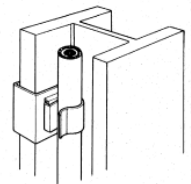

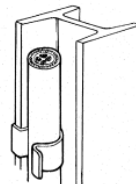

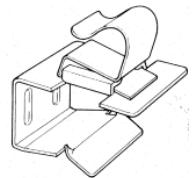

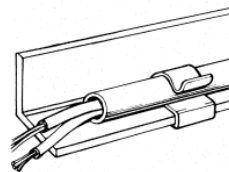

Whether installing cable, trunking, conduit, pipework, ducting, light fittings or suspended ceilings, these Girder cable fasteners can be applied using a minimum of tools – usually only a hammer, screwdriver or pliers thereby drastically reducing installation time.

Suitable for indoor or outdoor use, and for mildly corrosive environments. The majority of spring steel fasteners are zinc coated which gives a high level of protection against corrosion. Adaptors can be used to convert the 2-4mm flange size range to suit 12-15mm and 15-20mm flanges.

Note: Holds single cable only.

Specification

- | | |
|--------------------------|----------|
| • Cable Diameter Maximum | 9mm |
| • Cable Diameter Minimum | 8mm |
| • Flange Thickness | 2 → 4 mm |
| • Material | Steel |

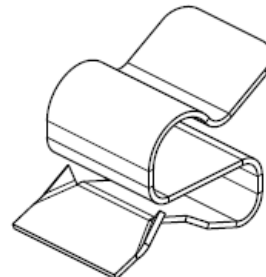

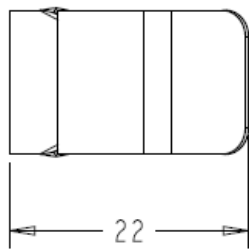

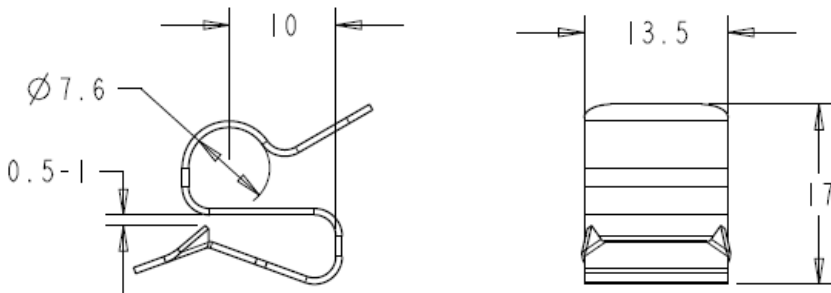

Material:

- Grade CS70 spring steel

Finish/Resistance:

- Zinc phosphate silver coloured sacrificial coating (Z600+),
- enhanced by an application of waterproof topcoat giving a corrosion resistance of more than 600 hours,
- for use in indoor and outdoor humid and mildly corrosive environments.
- Coating is completely chromium free.
- Level of protection is in accordance with ASTM-B695-90

SINGLE CABLE GIRDER CLIP TO SUIT Ø8-9
 CABLE AND 2-4 THICK FLANGE.
 ZINC PHOSPHATE SILVER COLOURED
 SACRIFICIAL COATING (Z600+) WITH
 WATERPROOF TOPCOAT.
 COATING IS CHROMIUM FREE.
