# RS PRO, DC Motor Controller, Voltage Control, 6 - 15 V dc, 3 A, Freestanding

Stock No: 238-9816

## Specifications:

Supply Voltage	6 – 15 v
Current Rating	3 A
Voltage Rating	6 – 15 V dc
Compatible Motor Type	Brushed DC Motor
Mounting Style	Freestanding
Length	27mm
Width	34mm
Depth	18mm
Weight	30g

**NOTE:**

The products optimum performance is at 12v dc. Using lower voltages, although useful, will alter the products performance and consistency in operation. Supply and output cables must be trimmed to 21cm to meet current EMC regulations.

Edge to edge frequency, min 1136 Hz, max 1250 Hz, average 1200 Hz. Mark to space varies motor speed.
