RS PRO 850W Fully Modular Power Supply
Stock No: **242-0548**

Special Features

• **Modular Cable Configuration -** A Modular cable management design lets you use only the cables you need. You get to save space and create a cleaner-looking build and improve airflow.

• **80 Plus Gold Certification -** 80 Plus Gold certified with 90% efficiency, high efficiency operation lowering energy consumption, noise, temperatures and less energy gets wasted during power conversion, the lower the operating costs will be for the user.

• **105°C-Rated Capacitors -** Using industrial-grade electrolytic capacitors, 2420548 power supplies offer the fixed power and long-term reliability.

• **Silent Operation -** A 120mm Black rifle bearing fan with a zero RPM fan mode option ensuring it is kept down to a minimum at full loads but the fan doesn't spin until you need it, for near-silent operation at low and medium loads.

• **All Black Look -** Black is the colour with black flat cables, black connectors and an all black finish give your gaming PC a clean professional high-tec look.

• **Flat Black Cables -** With flat black cables, PC builders can easily manage space creating a nice clean build with minimal fuss.

• **Warranty -** The CWT 2420548 PSU comes with 12 Months Warranty.
