

FEATURES

- Durable and lightweight
- Corrosion resistant
- Resistant to greases and oils
- Good electrical and thermal insulating properties
- Resistant to a wide range of temperatures

RS PRO, M6 Cheese Head, 20mm Nylon Slot Plain

RS Stock No.: 527-791

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

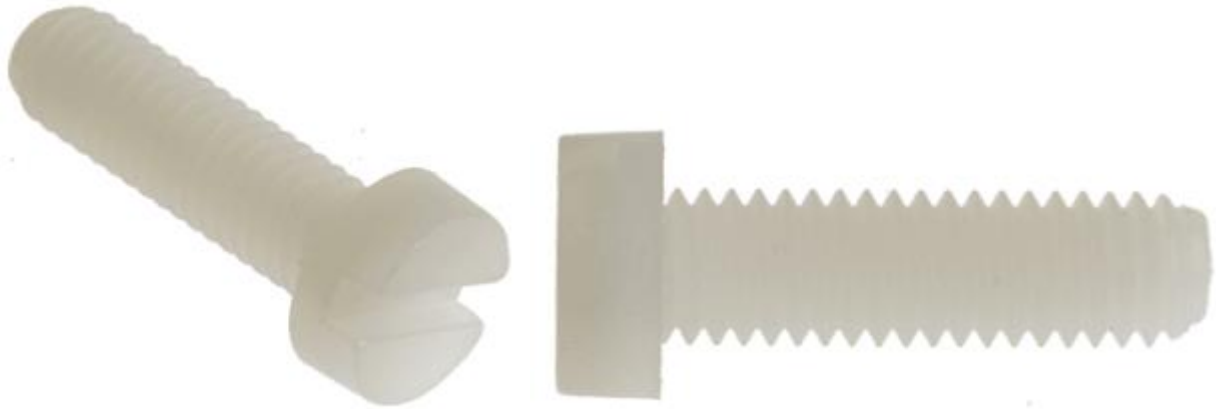

From RS PRO a high-quality machine screw with a slotted Cheese type head for easy tightening with a flat blade screwdriver. This machine screw has a metric thread and is made from high-quality nylon making it strong, lightweight and resistant to corrosion. Nylon also has excellent electrical insulation properties making this machine screw ideal for use in electronics applications.
