

FEATURES

- Glass fibre media
- F7 grade
- Fully incinerable
- Compact and rigid design
- Available in varying sizes

RS PRO Compact Rigid Bag Filter, Glass Fibre Media, F7 Grade, 592 x 592 x 292mm, Media Area 19m² 13

RS Stock No.: 730-2928

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS high efficiency glass fibre rigid minipleat filters in a compact configuration which can be retro-fitted for all grade F7 bag filters. These filters have a rigid plastic frame and are available with a 25 mm header. These glass fibre filters are fully incinerable. Glass fibre offers high strength whilst providing low weight, able to endure high temperatures whilst remaining stable making it ideal for HVAC applications and systems.

General Specifications

Filter Type	Compact Rigid Bag
Media Area	19m ²
Filter MERV Rating	13
Number of Pockets	4
