RS Pro Adjustable Wrenches

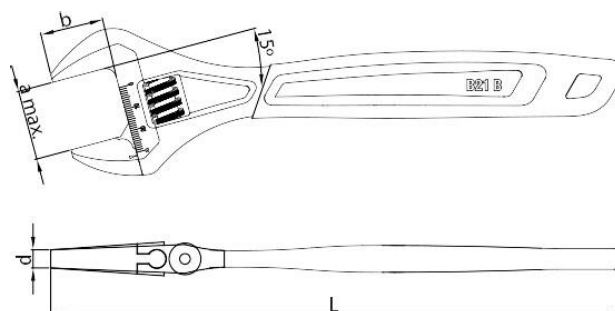

EN

A range of premium adjustable spanners from RS PRO. These precision hardened adjustable spanners are made from high-quality alloy tool steel, offer excellent performance and long service life and feature a thumb-adjustable screw for quick and precise adjustment of the jaw width. The body and jaw of the spanners have been phosphate plated for optimum corrosion resistance allowing them to be used in the most extreme environments, without compromising their performance and quality. These versatile wrenches are essential tools for any professional user or DIY enthusiast's toolbox.

Product features:

- DIN 3117, ISO 6787
- Adjustable jaw set at 15°
- Contoured design for easy handling
- Metric scale (mm)
- High alloy tool steel
- Phosphate finish, PVC grip

metric SCALE

RS CODE NO	L mm	L inch	a max mm	b mm	d mm	gr
1923722	150	6"	20	45	5.5	143
2006021	200	8"	25	60.5	6.7	290
1923723	250	10"	30	68.0	8.6	440

Attributes

Non Sparking:	No
VDE/1000V Approved	No
Finish:	Black Phosphate
Handle Type:	PVC dipped
Material:	Carbon Steel
