Product Description

The RS PRO male-to-male USB A to USB B cable will connect a device with a USB A port like a laptop or keyboard to larger USB B compatible equipment. Examples of these include printers and scanners. The USB 3.0 SuperSpeed functionality gives a transfer rate of up to 5 Gbps, making this a practical choice for speed-critical settings. The cable's handy three-metre length also lets you place peripherals where they're most convenient.
