

## FEATURES

- Low voltage power lamp for cost saving energy efficiency
- LEDs are long lasting and produce no heat
- Re-enforced tempered glass lens provides impact resistance

# RS PRO LED Machine Light, 100 → 260 V ac, 12 W, Adjustable Arm, 400mm Reach, 800mm Arm Length

RS Stock No.: 777-8028

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

From our high quality RS Pro brand, this LED task light is perfect addition to your workstation. With six efficient LED bulbs, the machine light has a bright, white output, so you can enjoy shadow-free lighting for clear and comfortable working.

The LED light features an adjustable arm, with three points of articulation to ensure you have the light you need where you need it. There is even a built in handle on the light head for further ease of adjustment. This model has a reach of 400mm with an 800mm arm length.
