RS PRO General Purpose Enclosures

RS Stock No.: 2213550

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This UK manufactured universal enclosure has been designed to provide flexibility and increased functionality. A unique, dual action lid and clip-in-points for your PCB, reduces assembly time whilst providing the end user with a premium quality, modern product. Moulded from ABS UL94-V0 material, in a variety of sizes and colours, with optional DIN Rail / wall mount brackets available. If you need an enclosure that can handle your electronic applications whilst looking good, then look no further!
