	Fluke C11XT Protective EVA Hard Tool Case features a zipped and mesh pocket
	Fluke C11XT Protective EVA Hard Tool Case can fit smaller tools and multiple accessories

Product overview: Fluke C11XT Protective EVA Hard Tool Case

The Fluke C11XT Protective Hard Case is designed to carry most smaller multimeters, process meters, temperature meters and similarly-sized products. The case is made of high quality 600D EVA foam and is meant to fit both tools and accessories. The durable exterior is meant to protect your tools more than a soft case would. When opened up, the case features a zipped pocket on the left for accessories and a mesh pocket on the right for multimeters and other tools.
