Non-Contact Forehead Infrared Thermometer

Non contact
infrared thermometer

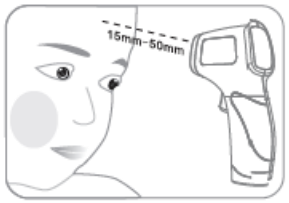
32.1℃~37.5℃

37.6℃~38.5℃

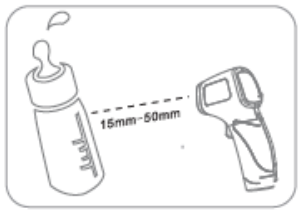
38.6℃~42.1℃

LCD screen shows

- Body temperature measurement



Measuring forehead,
distance 15mm-50mm



Measuring environment,
distance 15mm-50mm

Advantage

- Accuracy： ± 0.2° **C** (0.4°F), take .T forehead temperature
- Fever alert： beep and backlit alert fever
- Large display screen： visible area 22 * 27.5mm
- Provide C / F reading
- 2 pcs AAA batteries for easy replacement (Not Included in packaging
- 1 year warranty against manufacturing defect

Specification

- Product name： Non-contact infrared thermometer
- Display resolution： 0.1 ℃
- Operating temperature： 10-40 ° C (50-104)
- Temperature measurement rate： 0.85
- Power： DC3V (2 * AAA)
- Size： length 137 width 75diameter 38
- Total Weight： 90 grams (including battery)
- Measurement range human body： 32-42 ℃
- Measuring distance： 1.5-5 cm
- Automatic shutdown： 1 minute
