

FEATURES

- Safe air power source
- Internal pressure relief valve
- Anti-slip pedal for efficiency
- Long life and easy service

RS PRO Portable Air Hydraulic Foot Pump

RS Stock No.: 2349581

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Air hydraulic foot pump is small hydraulic pump that can transfer the air power to the hydraulic power, usually matched with single acting hydraulic cylinders for lifting and push the equipment, and also can be matched with the other small hydraulic tools like hydraulic puller, hydraulic flange spreader and hydraulic nut cutter for bending, cutting, assembling, dismantling etc.

- *Max working pressure 700BAR, the pressure is adjustable within 0-700BAR.*
- *Internal pressure relief valve provides overload protection.*
- *Compressed air power source is no electric spark or flame hazard.*
- *Anti-slip pedal for efficiency.*

General Specifications

Model	2349581
Max. Operating Pressure	700bar
Usable Oil Capacity	1311cm ³
Used with Cylinder	Single Acting
Output Flow Rate (No Load/Load)	0.65/0.13l/min
Air Pressure Range	4.1-8.3bar
Air Consumption	255l/min
Sound Level	85dBA
Outlet Type	NPT3/8

Mechanical Specifications

Length	600mm
Width	210mm
Height	210mm
Weight	10kg

Additional Information

Custom Tariff Number	8414200000
----------------------	------------

Approvals

Compliance/Certifications	CE, EN ISO 12100:2010, EN 809:1998+A1:2009
Declarations	UKTA
