

FEATURES

- Two steps
- Made of aluminium
- Platform size of 610 mm x 610 mm
- Platform height of 470 mm
- Insulated up to 10,000 volts
- Maximum load of 150 kg
- Weight of 8 kg
- Folded size of 700 mm x 610 mm x 210 mm

RS PRO 2 Tread Aluminium Steps 0.47m Platform Height

RS Stock No.: 789-8485

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

These aluminium steps from the RS PRO range can be used to help you access higher locations safely. They include a platform which is 610 mm by 610 mm and 470 mm off the ground. The platform is serrated and provides a large anti-slip work surface. At just 8 kg, the steps are lightweight. This makes them easy to move around your workspace. The legs fold under the platform, so the unit can be neatly stored when not in use. Each leg has a rubber sole to prevent the steps slipping when you stand on them.

General Specifications
