

FEATURES

- Black or Natural Colour
- Suitable for a multitude of uses
- Easy to thread
- Cable ties are cheap, easy to use and strong
- Functioning like straps to keep cables tidy

RS PRO Black Nylon Cable Tie, 203mm x 4.6 mm

RS Stock No.: 811-1666

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO cable ties are a type of fastener used for holding items together, most commonly electrical cables or wires. These cable ties are made from Nylon 66 (also known as nylon 6.6) and are a one-piece, self-locking fastener. Functioning like straps to keep cables tidy, they're available in a range of sizes and colours. The design of a cable tie includes a head which provides the slot for the tape to be pulled through, to make a loop. The cable can be pulled through the slot until the preferred loop is achieved and then the excess cable can be cut off. When threaded through the slot, the teeth of the cable form a lock which can't be pulled back through.

General Specifications

Type	Non-Reusable
Colour	Black
Material	Nylon 66
Application	Cable management, Home/DIY, Garden
Fire Behaviour	Flame Retardant
Quantity	1000

Mechanical Specifications

Length	203mm
Width	4.6mm
Tensile Strength	215.6N
Maximum Bundle Strength	52mm

Approvals

Standards Met	UL 94V-2
----------------------	----------

Material: UL 94V-2 Nylon 66 Black
