

FEATURES

- Controls humidity levels within small containers
- Conforms to BS2540 and CPU/CON/250-1
- Each box contains 50 sachets of gel, each packed in a permeable membrane
- Ease of use in sachet form and range of sizes
- Chemical inertness - only affected by hydrofluoric acid and strong alkalis
- They will not control temperature
- Available in 3 sizes

RS PRO Silica Gel, 100g

RS Stock No.: 601-063

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO silica gel desiccant comes in the form of hard irregular shaped crystals. The material is designed to absorb moisture from air, gases and liquids to prevent the relative humidity (RH) rising to a point when corrosion, fungal growth and optical smearing will occur.

The following sizes are available:

[601-041](#) – 10g, Moisture Absorption (50%RH, 25°C) Min. 25%, Sachet Size: 50 x 100mm

[601-057](#) – 50g, Moisture Absorption (50%RH, 25°C) Min. 25%, Sachet Size: 85 x 130mm

[601-063](#) – 100g, Moisture Absorption (50%RH, 25°C) Min. 25%, Sachet Size: 85 x 165mms

General Specifications

Desiccant Type	Silica Gel
Moisture Absorption (50%RH, 25°C)	Min. 25%
Pack Quantity	50 sachets/box
Applications	Humidity indicating desiccants have found widespread use in various industries including: Food, Packing, Pharmaceuticals, Manufacturing, Radar instrumentation, Hydraulic systems, Metals, Aerospace, Electronics

Mechanical Specifications

Desiccant Mass	100g
Sachet Size	85mm x 165mm

Approvals

Compliance/Certifications	BS2540, CPU/CON/250-1
