Premier Safety Lockout Padlock
Long Body, PVC Sleeve on Long Steel Shackle - Key Different
(PSLP – LBPL – KD)

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.

Standard features:

- Each padlock is supplied with 1 key.
- Chrome plated large steel Shackle for better corrosive resistance of 5 mm for best physical strength – duly insulated with PVC black sleeve (making it 6 mm) .
- Available in RED / Yellow body colour : other colours are available on request.
- Resistant to extreme temperature changes – 13⁰ F to + 194⁰ F.
- Compact for easy carrying and storage.
- Light weight, solid Aluminium core Safety Padlock
- Made especially for Lockout / Tagout Applications
- Automatic locking for user convenience
- 6 pin brass cylinder
- Insulated body, resistant against heat, dust and debris.
- Compliant with regulations : 1 employee = 1 padlock = 1 key (OSHA).
- Logo printing / Laser engraving optional (front, back, left and right side).
- Key retaining feature (when shackle is open).
- The solid aluminum body is encased by a colored plastic cover for easy identification. To further improve visibility and identification,
- Long Body and shackle insulated against electric shock
