Measure Laser Level 5 Dots and Cross Line

Stock Number:

Contents:

1. Laser Level
2. Target plate (Red)
3. Black cloth bag
4. Magnetic pivoting base
5. Instruction manual

Specifications

Feature	5 dots and cross line 1V1H with 5 dots
Colour	Black / Red colour
Weight	390 g
Product size	12 x 11 x 7 cm
Laser class	Class II
Wavelength	635 nm \pm 5 nm(red)
Light source	Red light source 20 nW
Range/range w/detector	30 m / 60 m
Working time	16H
Level accuracy	\pm 3 mm/15 m
Horizontal /vertical accuracy	\pm 3 mm/15 m
Level range	4 degrees \pm 1
IP rating	IP54
Battery	AA battery x 4 (Excluded)

Robust over-molded housing

Ultra-bright laser beams

Allows all possible applications

IP54 water/debris resistant

Full-time pulse mode allows use with detector

Central locking mechanism helps protect internals

Allows use of laser tool manual mode
