

FEATURES

- Good chemical resistance
- Provides electrical insulation
- Ideal for use as a bearing surface
- Wear resistant
- Non-corrosive

RS PRO Nylon Metric Washers

RS Stock No.: See Table

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

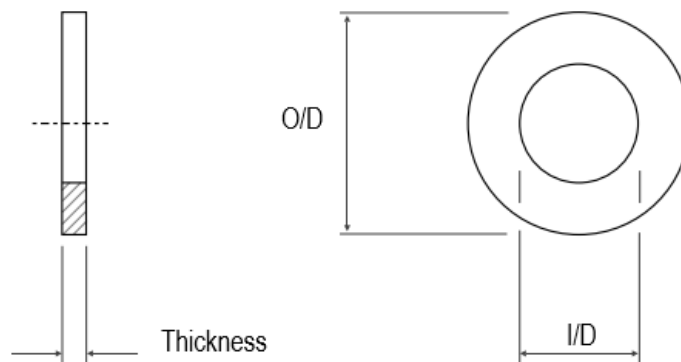

Metric Washers

Product Description

RS PRO range of plain, white, nylon washers in sizes M2 to M12 which are designed to distribute the force of the screw head of a screw or nut on a larger surface. These nylon washers provide an excellent inexpensive solution between gland and equipment with electrical insulation and good chemical resistance. They are also non-abrasive and lightweight in comparison to metallic washers and absorb shock and noise better resulting in less noise when used in equipment.

Material Specifications

Material	Nylon 6,6
Colour	Natural

General Specifications

Stock No.	Nominal Size	I/D (Inside Dia.)	O/D (Outside Dia.)	Thickness
232-6908	M2	2.2	5	0.3
232-6898	M2.5	2.7	6	0.5
232-6933	M3	3.2	8	0.8
232-6954	M4	4.3	9	0.8
232-6959	M5	5.3	11	1
232-6860	M6	6.4	12	1.5
232-6864	M8	8.4	18	2
232-6872	M10	10.5	22	2.5
232-6873	M12	13	24	2.5
