

FEATURES

- Robust, lightweight, shatterproof polypropylene conical flask
- Wide neck design with PP screw cap, or can also be used with a stopper
- Features clear easy to read blue graduations
- Translucent appearance enables visibility of contents within
- Good chemical resistance makes it ideal to use with a wide range of laboratory reagents and solutions
- Suitable for food contact applications
- Autoclavable at 121°C for both flask & cap

RS PRO Flask 250ml Conical, Polypropylene

RS Stock No.: 2519392

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- *The flasks are ideal for the preparation and short-term storage of a wide range of liquids and solids*
- *Autoclave at 121°C with good chemical resistance makes this product excellent for general laboratory use as an alternative to glass*
- *Suitable for food contact applications in accordance with EU regulations*

General Specifications

Diameter	85
Capacity (ml)	250
Graduation intervals (ml)	50
Height (mm)	144
Pack Qty	1

Mechanical Specifications

Material	Polypropylene
Colour	Transparent
Closure Material	Polypropylene
Colour Closure	Natural
Closure Thread Size	GL 40

Classification

eCl@ss (Version)	No
UNSPSC (Version)	No
Food Complaint	EU 10/2011

Approvals

Declarations	MFR Declaration of Conformity
Hazardous Area Certification	ATEX / IECEx
Standards Met	Latex, Reach, TSE_BSE compliant
