Remark

Hardness of spanner body meets DIN 899-row II

Torque tests of box end meets DIN 899-row A

Open end meets DIN 899-row C

Go, no-go gauges of both box and open end meet DIN 475 part row 1 requirements.

Features

1. Patented surface drive reduce fixings rounding.
2. Flex head tilts up to 180 degree.
3. Set screw allows you to set head tension.
4. Ratcheting box-end needs as little as 5 degree turn to move fixing
5. Designed for tight space , sleek head easily enables access to tight spots where a ratchet will not fit.
