500mm Collapsible Traffic Cone**Feature:**

These collapsible cones are designed for occasional use (not intended to replace traditional traffic cones in construction use). Each collapsible cone has two reflective collars, heavy duty rubber base and the internal battery powered LED light (two AAA batteries included) has two settings – Steady-On or Flash. The rubber base helps resist moving from high winds or passing cars.

- Easy to store in the trunk of a car or storage box
- Simple to assemble
- Vibrant and attractive colour, with LED light
- Orange Waterproof Material
