

FEATURES

- Spring washers are ideal for preventing vibration loosening fasteners
- Made from AISI 301 stainless steel – ideal for external, as well as internal applications
- Rectangular section
- Easy to apply

RS PRO AISI 301 Stainless Steel Single Coil Rectangular Spring Washer

RS Stock No.: 2310698, 2310699, 2310693, 2310697, 2310692,
2310694, 2310690, 2310691, 2310695

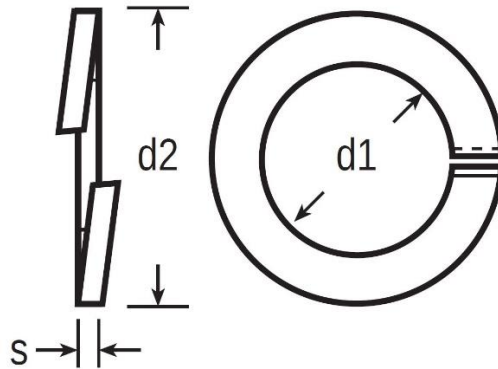

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Single coil rectangular spring washers are typically used to prevent vibrations from loosening fasteners (a nut and bolt, for example), and are easy to apply. As they are tightened, the spring is closed, with the resistance causing a locking effect. The cross-section of the washer is rectangular. Made from AISI 301 stainless steel, these are ideal for external, as well as internal applications. These washers conform to DIN 127B.

General Specifications

RS Stock No	Finish	d1 (mm)	d2 (mm)	s (mm)
2310690	Stainless steel	M3	6.1	0.8
2310691	Stainless steel	M4	7.55	0.9
2310692	Stainless steel	M5	8.15	1.2
2310693	Stainless steel	M6	11.7	1.6
2310694	Stainless steel	M8	14.85	2
2310695	Stainless steel	M10	18.0	2.2
2310697	Stainless steel	M12	21.0	2.5
2310698	Stainless steel	M16	27.3	3.5
2310699	Stainless steel	M20	33.5	4
