

Datasheet

L shaped PCB rack w/25 slot

RS Stock number [287-8079](#)

Description

- L-Shaped PCB Racks, for storage of PCBs in production and at testing stations
- Protects against static charges
- Conductive material allows the racks to be grounded when placed on a grounded surface
- Designed for safe storage of PCBs
- There are 25 slots and 2.4mm between slots
- Easy to carry
- Stackable

Specifications

- Colour Black
- Dimensions 273 x 210 x 83 mm
- Surface Resistivity $<10^5 \Omega/\text{square}$
