

**virox**

Specially formulated with 70% Isopropyl Alcohol and are proven to kill 99.99% of bacteria (BS EN 1040 : 2005)

## VIROX Hard Surface Bactericidal Wipes (VR3938)

Effective bactericidal action against e.coli, pseudomonas aeruginosa and a diverse range of micro-organisms

### Overview

Ideal for all healthcare professionals who require an effective solution to their infection control needs. It enables an instant and efficient disinfection to a variety of hard surfaces such as tables, countertops, wheelchairs, surgery tables and x-ray equipment.

Virox Hard Surface Bactericidal Wipes are non-linting, strong and durable for everyday use as well as non-smearing so they do not streak hard surfaces.

### Antimicrobial Effectiveness Tested

Test	Method	Results (Percentage Reduction)		
Antimicrobial Effectiveness Test	BS EN 1040 : 2005	0 mins	2 mins	5 mins
Staphylococcus aureus		100%	100%	100%
