

## Features

- 5m Oil resistant delivery hose
- Suitable for oil and mineral based liquids and fuels
- Flexible PVC construction
- Crush and kink resistant helix reinforcement
- Internal diameter of 25.4mm
- External diameter of 33.8mm
- Maximum working pressure of 9.3 bar
- Vacuum of 9m per minute (H2O)
- Bend radius of 113mm
- Operating temperature range of -10 to +55C
- Weight of 2.45kg

## RS PRO Hose Pipe, PVC, 25mm ID, 33.8mm OD, Blue, 5m

RS Stock No.: 917-5106

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

A reliable and durable blue oil-resistant delivery hose constructed from high-quality PVC specifically designed for the delivery of mineral based oils and fluids including diesel and petroleum products.

The blue oil resistant hose features a reinforced construction including a rigid crush and kink resistant white PVC helix providing excellent strength and flexibility, ensuring that it can handle high-pressure and high-flow rates and its smooth bore minimizes friction enabling an efficient and continuous flow.

## General Specifications

Maximum Working Pressure	9.3 Bar
Vacuum Mtrs H2O	9
Material	Flexible PVC
Working Temperature	-10°C to +55°C

## Mechanical Specifications

Internal Diameter	25.4mm, 1 in
External Diameter	33.8mm
Wall Thickness	4.2mm
Weight Per Meter	0.49 Kg
Bend Radius	113mm
Length	5 M
