RS Pro Steel White Modular Shelving Wall Mount Upright

Product Details

Upright

Wall Mounting Shelving

A versatile modular wall mounted steel shelving system finished in durable white epoxy paint. The shelving is easy to construct, extend or alter with brackets which securely lock into the strong double slotted uprights, which provide shelf adjustment at approximately 30mm increments. Steel 1000mm long shelves in 4 widths are available, alternatively wood or composite shelves may be used. Also available are book end/shelf end supports.

Maximum loading per bracket	
Bracket Size	Weight (kg)
220mm	48
270mm	40
320mm	32
370mm	24

Specifications:
