

## FEATURES

- Ground Flute
- Black Oxide
- Cuts Faster And Lasts Longer
- Shaft Is Equal To The Diameter Of The Drill
- Low Breakages

# RS PRO 25 piece Metal Twist Drill Bit Set, 1mm to 13mm

RS Stock No.: 212-941

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO offers this exceptional Drill Bit Set made from HSS for high-performance, offering more resistance than high carbon steel bits. It contains a great selection of the most commonly used diameters from 1mm to 13mm in 0.5mm increments. These High-Speed Steel (HSS) are constructed from a single piece of high-speed steel, thus reducing breaking and blunting under heat or stress. Manufactured in accordance with DIN 338 for high precision tolerances and geometric accuracies.

## General Specifications

<b>Set Type</b>	Jobber Drill Set
<b>Minimum Size</b>	1mm
<b>Maximum Size</b>	13mm
<b>Drilling Application</b>	Metal
<b>Material</b>	HSS
<b>Number of Pieces</b>	25
<b>Set Contents</b>	HSS Drill Bits
<b>Point Angle</b>	118degrees
