RS Pro Test Lead Kit, CAT III 600 V

RS Stock No: **731-5277**

Product Details

RS Pro test lead kit is supplied in a durable grey pouch with attractive yellow piping. Standard set has a wide range of accessories for taking measurements in most situations. Fused set has extra fused test probes complying with the requirement of GS38 safety guidance for use on high energy circuits while taking voltage measurements. Both sets comply with IEC1010-1 cat III 600 V safety standard. It includes 2 x 1.2 m silicone multimeter leads with shrouded 4 mm terminations one end straight, one end right angled, (red and black), 2 x crocodile clips (red and black), 2 x long reach multimeter probes fuse rating to 1000 V 600 mA (red and black), 2 x spring loaded, grabber multimeter probes (red and black), extra items in fused sets, 2 x fused probes with only 4 mm of exposed metal tip fitted with 1.25 Inch ceramic fuses rated at 660 V 500 mA.

Features and Benefits

- Supplied in a durable grey pouch with attractive yellow piping
- Operates at a temperature rating of -20 to +70°C
- CAT III safety category level

ENGLISH

Specifications:

Connector Type	Crocodile Clip, Right Angle Plug, Spring Hook, Straight Plug
Lead Length	1.2 m
Lead Type	Test Lead Kit
Maximum Operating Temperature	+70°C
Minimum Operating Temperature	-20°C
Safety Category Level	CAT III
Safety Category Voltage	600 V
Safety Category	CAT III 600 V
