

Datasheet

RS PRO USB3.0 4 Port Powered Hub with Quick Charge Port

Stock number: 2406340

EN

The RS Pro USB2.0 4 port powered hub has a plastic shell with all 4 outputs on the top of the unit and have individual on/off switches. It has the USB 3.0 B socket on the side which connects to the PC or Mac.

The power from the PSU is shared across all 4 ports providing consistent power to each port. The hub also has a quick charge port for charging devices such as mobile phones and tablets that support quick charging.

Our hub is perfect for connecting multiple USB3.0 devices to your computer at home or in the office, such as printers or external hard drives and is backwards compatible for USB2.0 devices.

Our USB3.0 powered hub comes complete with a 12V 2A power supply and a USB3.0 A to B cable.
