## RS PRO Mini Speed Regulator

RS Stock No.: 137-0946

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO Mini Speed Regulator is designed to reduce the free speed of air tools with a 1/4" thread.

PCL's Mini Speed Regulator will regulate the airflow to a tool and is an ideal product for enabling the user to turn a powerful sander into a precision buffing tool.
