

## Datasheet

# RS PRO IP68 USB-A 2.0 – Metal Male Mountable Cable End

The RS PRO series of waterproof metal USB-A connectors are a range of ruggedised IP67/IP68 connectors designed to be used outdoors or in harsher industrial environments. Designed to fit panel cut outs of 25.5mm the metal USB-A series also comes with rear potting on the panel mount connectors. This ensures your panel is still sealed to an IP67/IP68 rating even when the connector is unmated, and the sealing cap is not connected. The threaded mating allows for a secure connection.

## Features & Benefits:

- Thermoplastic or Nickel Plated Zinc Alloy Housing
- IP67/IP68
- Rear Potted
- Threaded Mating
