3M™ Industrial Tapes for Marking

Delivering the durability you need and the versatility you want.
From one of the world’s most trusted manufacturers, 3M, comes the future of floor marking.

A tape for every job.
Whether you’re marking a wall, a pipe, or a loading dock, 3M has the right product durability, flexibility and vibrant color you need to help maximize your workflow, safety and factory or warehouse appearance.

3M™ Ultra Durable Marking Tape 971: Toughest traffic areas
3M™ Vinyl Tape 471: Everyday medium traffic areas
3M™ Vinyl Tape 764: Walls and pipes

Why tape and not paint?

- Easy to remove when your workspace layout changes
- Paint has fumes and can spill
- It’s easy to do straight and curved lines with tape
- Fast installation to help reduce labor costs
- Little downtime waiting for paint to dry in busy factory areas
- No messy clean up
- No liquid chemical disposal
Examples of where to use 3M Industrial Marking Tapes in a warehouse facility.
3M™ Ultra Durable Floor Marking Tape 971 is specially engineered to stand up to tough conditions where you need floor marking staying power. Where other floor marking tapes fail, 971’s thick backing provides excellent abrasion resistance and withstands lifting from forklift traffic and dragging pallets. When it comes time to change the layout of your factory or warehouse, the unique adhesive promotes easy, clean removal from your floor.

Unique Polylactic Acid (PLA) Backing
Tape 971 is primarily created with an environmentally-conscience plant-based backing versus petroleum-based traditional vinyl tapes. The thick PLA backing provides top-tier durability while using less fossil fuels.
Reliable, highly visible, highly versatile marking tape.

3M™ Vinyl Tape 471 and 3M™ Safety Stripe Tapes 5700/5702

Strength, conformability, instant adhesion and long-term clean removal make 3M™ Vinyl Tape and 3M™ Safety Stripe Tape an exceptional choice for all but the heaviest lane and safety marking applications. Designed with special stretch properties, these tapes conform to rough or irregular surfaces and can be used to make critical curved lines while resisting edge lifting which can lead to trip hazards and tape tear. Plus they retain their bright colors over time, even when exposed to abrasion, wear and many solvents.

- Excellent durability, abrasion and solvent resistance
- Quick stick and excellent holding strength
- Available in a wide variety of vivid colors
- Conforms to uneven surfaces
- One-piece, clean removal from many surfaces
- Safety stripe tapes for hazardous areas
Economical safety marking.

3M™ General Purpose Vinyl Tape 764 and 3M™ Hazard Marking Tapes 766/767

3M™ General Purpose Vinyl and Hazard Marking Tapes are the cost-effective choice for a variety of safety marking and color coding applications where you don’t see tough conditions or the need for long term clean removal. Conformability, instant adhesion and easy unwind make these tapes ideal for marking equipment, walls and pipes.
