# RS Pro 22-2427, PCB Card Ejector

## Product Details:

### Board Ejector Support Mechanism

Supplied as an accessory to all extension boards, this device fits onto the end fitted with a connector. It guides and supports the board to be tested.

To remove the board from the connector, simply pull the ejectors apart.

This mechanism is delivered in kit form, comprising two ejector support assemblies, 4 M3 x 8 screws and 4 M3 nuts.

## Specifications:

Type: Ejector
