- Suitable for use in a 3 jaw chuck

RS PRO HSS 16mm Magna-Cut Reamer

RS Stock No.: 188-2504

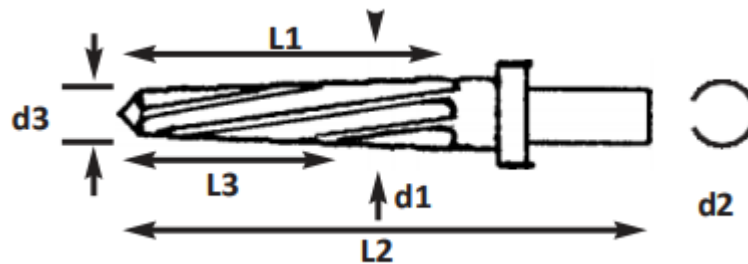

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO HSS 16mm Magna-Cut Reamer is a tough and hardwearing reamer bit suitable for the automotive industry designed to realign or enlarge existing holes. With a pointed tip and 5 flutes the machine reamer bit can cut into welded and punched holes effortlessly and is also ideal for deburring applications.
