## RS PRO Bi-metal 19 → 76mm Hole Saw Set

RS Stock No.: 216-022

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This 15 piece hole saw set from RS PRO is the perfect cutting solution for applications requiring precise circular holes to be cut in a range of materials. The versatile set consists of bi-metal hole saws, arbors, pilot drill and an arbor extension, making the set ideal for cutting holes in material without damaging the surrounding areas. This robust set is ideal for use with power tools to carry out light installations, creating cable routes in desks and access points in plasterboard plus more, with a variety of sizes included to suit your needs. The high quality set is also supplied in a durable carry case with foam inserts, ensuring the contents are organised and secured when not in use.
