

MAGNA 114 RUST REMOVER

Magna 114 is a powerful rust, stain and scale remover. It is a highly effective, fumeless, nearly odourless liquid that dissolves corrosion and leave the exposed surface perfectly clean for repainting or retreating.

Cleaning & Maintenance Chemicals

DESCRIPTION

Magna 114 Rust Remover has countless applications in marine, oil field, refineries, aeronautical, automotive and heavy industries.

DIRECTIONS FOR USE

- For removal of rust and scale from boiler covers, water and steam meters, outdoor storage tanks, stationery parts or other metal equipment - brush on Magna 114 with a stiff wire brush and flush with water.
- DIP Tank- For reclaiming nuts, bolts, tools and small machinery - parts should be completely immersed in a solution containing 3 parts of water to one part of Magna 114. Most rust will dissolve within 20 minutes to 2 hours depending on the condition of the parts.

SPECIFICATIONS

Color:	Brown liquid
Appearance:	Free flowing
Specific Gravity:	1.15 ± 0.05
Flash Point:	Non-Flammable
pH, undiluted:	2 ± 0.5

AVAILABLE PACKAGING

25 Liters / 200 Liters
