RS PRO 5 Metre DisplayPort Male to VGA Male Adapter

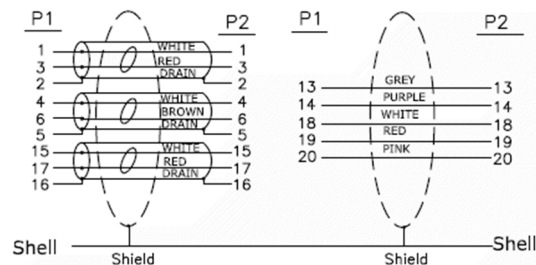

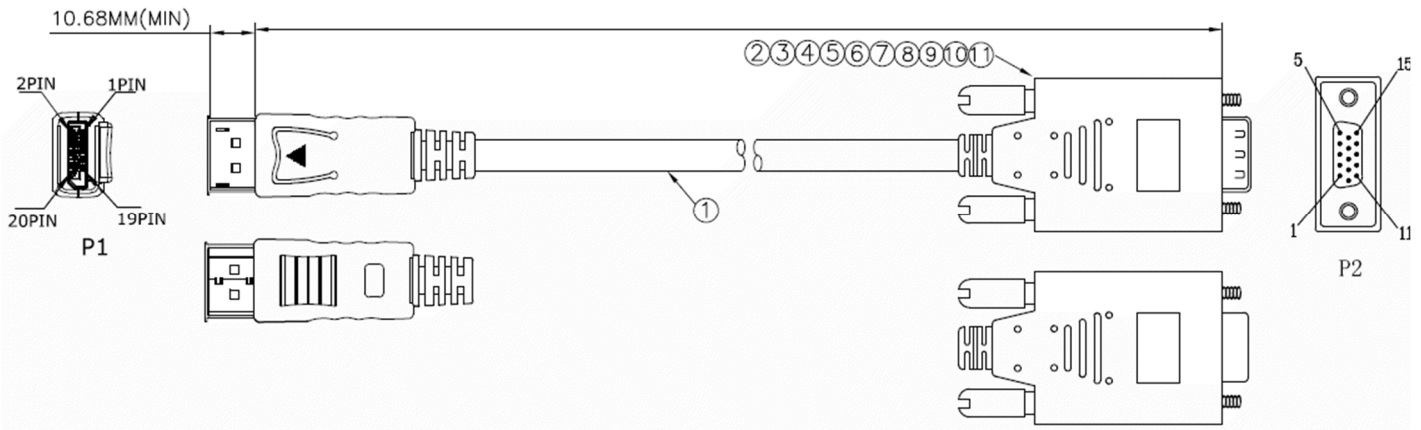

Stock number: 186-3040

EN

Our RS PRO 5 metre DisplayPort to VGA adapter comes with a latching, 20 pin male DP connector.

The connector hoods are made from black PVC and come with dust caps to protect the connectors. On top of the connector is the latch release and a strain relief on the end of the hood to support the cable.

The SVGA connector is one of the most common video connectors found on computers. SVGA is an analogue signal which is slowly being replaced by digital cables such as HDMI and Displayport.
