Strong Tweezers
with Serrated handles

multicomp PRO

Description

Comfortable and precision handling of electronic components for soldering operations. Available in straight or bent version and various lengths. For very firm hold available in stainless steel (SA) or nickel plated (NP).

DT000014

Tips   : Straight, flat, round, line serrated.
OAL   : 130mm

DT000015

Tips   : Straight, flat, round, line serrated.
OAL   : 130mm

DT000016

Tips   : Straight, flat, round, line serrated.
OAL   : 145mm

DT000018

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 160mm

DT000020

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 185mm

DT000021

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 200mm

DT000022

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 200mm

DT000023

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 250mm

DT000024

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 250mm

DT000025

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 300mm

DT000026

Tips   : Straight, strong, rounded, blunted,
        line serrated.
OAL   : 300mm
