

illum

Modern Office Appliance

Because work doesn't have to be ugly. With an ultra-slim curved design, illum will fit into any office style for a clean, modern and luxurious look. Conveniently fitted with hot, cold and ambient water. You can now enjoy great tasting water. Everyday.

Designed to impress

Intelligent Control

When the smart illuminance sensor detects little or no light in the surrounding area, it automatically deactivate the hot water boiling function and switches to power saving mode.

Saves energy, improves equipment lifespan.

violeds

Ultra Violet LEDs

The reliable UV LED sterilisation function emits diode (Violeds) to remove heavy metals (lead, iron, aluminum) and 99.9% of germs in the water tank, without increasing cold water temperature.

More Features

- ◆ Water faucet LED light
- ◆ Removable faucet for easy cleaning
- ◆ Electromagnetic cup push button for intuitive touch controls
- ◆ Full stainless-steel tank
- ◆ Burn protections
