Stainless Steel Latch

RS Stock No.: 434-9624

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS Pro, this stainless steel gate latch assembly is robust and reliable. Automatic, or gravity, gate latches have the advantage of using a gravity snapping mechanism that locks the gate shut automatically. They also have an easy to operate thumb switch to release the latch. Supplied complete with stainless steel fixing screws for quick and easy installation, this latch is ideal for gardens and other outdoor areas.
