RS PRO Waterproof Plastic Equipment case With Wheels, 290 x 530 x 355mm

RS Stock No.: 767-4967

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Keep your most valuable items protected with this sturdy, waterproof case from the RS PRO Range. This design has wheels, telescopic handles and foam layers at the top and bottom, so you can transport delicate kit such as electronic testing devices.

This equipment case is made from tough polypropylene and comes with an IP67 rating. This means it's dust-proof, as well as being waterproof when submerged in a metre of liquid for up to 30 minutes. For added reassurance while you're travelling, the case comes with an airlock to control pressure and protect equipment such as DSLR cameras.
