# RS PRO Power Distribution Unit

RS Stock No.: 839-9796

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

# Power Distribution Units

## Product Description

The RS PRO POD S desktop units – Power and Data have individually fused UK power to BS6396 with a short lead to male Wieland* equivalent connector allowing multi-length power cords. All POD's include a master switch.

Cat 6 couplers are used to link a front shuttered black RJ45 socket to a RJ45 socket at the back, Cat 6 patch cords are plugged in from the rear of the POD S to the data outlet.

A pair of desktop 'G' clamp allows mounting at the desk's edge or an optional pair of adhesive pads allows mounting anywhere on top of the desktop.
