RS PRO Universal Joint Protective Gaiters

RS Stock No.: see below

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Joint Gaiters are manufactured from durable synthetic rubber these gaiters are resistant to most oils, chemical and grease. They provide protection for universal joints from dirt ingress and contamination and help maintain lubrication of plain bearing joints and increase service life. Installation is simple using two cable ties to secure a gaiter in place.
